

**Here is a Basic guide to selling your applications on the repo.**

1. [Set up your PayPal account to work with the repo](#)
2. [Block Specific Payment types](#)
3. [Add PayPal preferences to the repo](#)
4. [Upload You're Application](#)
5. [Add the price 😊](#)
6. [Tips](#)

# Set up your PayPal Account to work with the repo.

After you log in to PayPal, follow these instructions to set up your IPN (Instant Payment Notification) listener:

1. Click **Profile** on the **My Account** tab.
2. Click **Instant Payment Notification Preferences** in the Selling Preferences column.
3. Click **Choose IPN Settings** to specify your listener's URL and activate the listener.

The following screen appears:

Log Out | Help | Safety Advice  Search

**PayPal**

My Account Send Money Request Money Merchant Services Auction Tools Products & Services Help

Overview Add Funds Withdraw History Resolution Centre Profile

### Edit Instant Payment Notification (IPN) settings [Back to My Profile](#)

PayPal sends IPN messages to the URL that you specify below.

To start receiving IPN messages, enter the notification URL and select **Receive IPN messages** below. To temporarily stop receiving IPN messages, select **Do not receive IPN messages** below. PayPal continues to generate and store IPN messages until you select **Receive IPN messages** again (or turn off IPN).

Notification URL

IPN messages

Receive IPN messages (Enabled)

Do not receive IPN messages (Disabled)

4. If you already have an IPN URL set up for any other websites you may use you may skip the next 2 steps.

5. Specify the URL for your listener in the Notification URL field as

**`http://repo.openpandora.org/?page=payment&action=ipn`**

6. Click **Receive IPN messages (Enabled)** to enable your listener. Click **Save**.

# Block Specific Payment types.

Next we want to block payments from specific methods:

1. Click **Profile** on the **My Account** tab.
2. Click **Block Payments** in the Selling Preferences column.
3. Tick the option for blocking **eCheque** and **UnionPay** (as these payment types do not clear instantly meaning if they were accepted you would allow the buyer access to the application before his payment clears (and it may never clear). Click **Save**. See screenshot below:

[Log Out](#) | [Help](#) | [Safety Advice](#)

**My Account** | **Send Money** | **Request Money** | **Merchant Services** | **Auction Tools** | **Products & Services** | **Help**

## Payment Receiving Preferences [Back to My Profile](#)

Block payments sent to me in a currency I do not hold:

Yes  
 No, accept them and convert them to British Pounds  
 Ask Me

Block accidental payments:  
You may prevent accidental payments by blocking duplicate invoice IDs

Yes, block multiple payments per invoice ID  
 No, allow multiple payments per invoice ID

Block Payments from users who:

Initiate payments from the Pay Anyone subtab of the Send Money tab  
(If ticked, you may enter an Alternative Payment URL for your buyers.)

**Alternate Payment URL:**    
(optional)

Block the following payments:

Pay with eCheque or German bank transfer for all website payments except eBay. **NOTE:** You may not block eCheque payments on eBay.

Payment by 

# Add PayPal preferences the repo.

This is done so we know where to send the payments and in what currency.

After you log in to the Repo, follow these instructions:

1. Click **My Account** on then choose the **Account Details** link.
2. Enter your **PayPal Email** and select you're desired **Currency** from the list of accepted currencies.
3. Click **Submit**.

The screenshot shows the 'Account Details' page with a navigation bar at the top containing 'Home', 'My Account (milkshake)', 'Logout', 'Apps: 394', and 'DI's: 72508'. Below the navigation bar, the 'Account Details' section is visible, with a 'Back' link. The page has several tabs: 'My Downloads', 'My Apps', 'Upload/Update App', 'Account Details', and 'Moderate'. The 'Personal Details' section includes fields for 'Current password', 'New password', 'Re-type new password', and 'Email', with a 'Submit' button. The 'Commerical Sales Via Paypal' section, highlighted with a red box, includes fields for 'Paypal Email' and 'Currency' (a dropdown menu with '- Please Select -'), and a 'submit' button.

# Upload you're Application.

If you already have an application uploaded to the repo which you would like to start charging for then move on to "[Add the price ☺](#)". Otherwise follow these steps to upload your application:

1. Click **My Account** on then choose the **Upload/Update App** link.
2. Choose your **File** either from a remote URL or from your PC.
3. Tick the **Chargeable** checkbox to declare that your application will be for sale.
4. If you have read and agree to abide by the Terms and Conditions, Click **Submit**.

The screenshot shows the 'Upload/Update App' interface. At the top, there is a navigation bar with links for Home, My Account (milkshake), and Logout. A status box indicates 'Apps: 394' and 'DI's: 72508'. Below the navigation bar, the page title is 'Upload/Update App' with a 'Back' link. The main content area has a breadcrumb trail: 'My Downloads', 'My Apps', 'Upload/Update App', 'Account Details', and 'Moderate'. The form has two radio buttons: 'Upload' (selected) and 'Remote file'. Under 'Upload', there is a 'Choose File' button and a text input containing 'SORR.pnd'. Under 'Remote URL', there is an empty text input field. Below the form, there is a section titled 'By submitting this file you agree with the following:' followed by three numbered rules. Below the rules, there is a paragraph stating 'If you do not follow these rules you will have your upload privileges revoked.' and another paragraph explaining the importance of allowing the actual developer to update their apps. At the bottom, there is a 'Chargeable:' section with a checked checkbox and a note: 'Check this option if this app is for sale. By choosing to upload a commercial application you must understand and agree to these [terms and conditions](#).' A blue 'Submit' button with a checkmark is at the bottom right.

5. Once you have uploaded your application successfully follow the link on the success page to your application administration page.

## Add the price 😊.

Once your application is on the repo you will need to set the price, if you followed step 5 from “[Upload your application](#)” you should already be in the **application administration page**.

If you got lost then you can also access it from your **uploaded applications** list (spanner icon next to your app) or access your applications detail page and click on the **administrate** link.

The screenshot shows the application administration page for "Streets of Rage Remake". At the top, there is a navigation bar with "Home", "My Account (milkshake)", and "Logout". A search bar is on the right. Below the navigation bar, the application name "Streets of Rage Remake" is displayed with a "beta" tag and a "Back" link. A blue bar contains three action buttons: "disable", "delete", and "administrate", with "administrate" highlighted by a red box. The main content area is divided into two columns. The left column contains metadata: "Report", "Rating: ★★★★★ (14 votes)", "Website: [repo.openpandora.org](#)", "Maintainer: milkshake", "Price: TBA", "Version: 0.0.1.3", "Filesize: 632.79 kB", "Category: Game", "Sub-Cat: ArcadeGame", "Added: Apr 23, 2011", "Updated: Aug 20, 2011", and "Downloads: 569". A "Coming Soon!" badge is at the bottom of this column. The right column contains "Package Author: milkshake, mcobit" and "Description: A remake of the side-scrolling beat 'em up series 'streets of rage' originally released by Sega in the 1990's." Below the description is a "Rate this application:" section with "Application Owner" as the user. At the bottom left, there is a "Package Contents (1) (hide/show)" link.

1. Make sure you **checkbox** is ticked to declare that your application is for sale and that you agree to the terms and conditions.
2. Enter your price and click **Submit**.

The screenshot shows the "Manage Streets of Rage Remake" page. At the top, there is a navigation bar with "Home", "My Account (milkshake)", and "Logout". A search bar is on the right. Below the navigation bar, the page title "Manage Streets of Rage Remake" is displayed. The main content area is a form for managing the application. It starts with "Add Maintainer" and "Select username from the list: 1st Gamemaster" with a dropdown arrow and a "+ add user" link. Below this is a section titled "Commercial application?" which is highlighted by a red box. This section contains a checked checkbox "Check this option if this app is for sale", a "Price" input field with "e.g. 2.99 or 2.99" as a hint, and a note "Specify the currency for all your commercial apps via your 'Account Details' page". At the bottom of the red box is a "submit" button with a checkmark icon.

3. Done.

## Tips.

To make your application more appealing try adding preview pictures to your PND and PXML file for help with this follow the URL [http://pandorawiki.org/PXML\\_specification#The .3Cpreviewpics.3E\\_element](http://pandorawiki.org/PXML_specification#The_.3Cpreviewpics.3E_element)

If your application requires a license/source code as it's based on a GPL license, contains audio, graphic or video that require a license or you want to add your own custom license then you need to use the license element of the PXML for more info follow the URL [http://pandorawiki.org/PXML\\_specification#The .3Clicenses.3E\\_element](http://pandorawiki.org/PXML_specification#The_.3Clicenses.3E_element)

If you need any further assistance with your PND or PXML you can ask in forum <http://boards.openpandora.org/index.php?forum/8-support/>

If you need help with the repo or setting up your purchasable app you may contact me via email: [webmaster@liquidfists.com](mailto:webmaster@liquidfists.com) or via the forum just send me a message <http://boards.openpandora.org/index.php?user/213-milkshake/>
